large modern cities have effectively declared their independence from nature but while they take up only three percent of the world s land surface their ecological footprints actually cover the entire globe humanity is building an urban future yet urban resource use is threatening the future of humanity and the natural world to meet the aspirations of city people in both developing and developed countries bold new initiatives are needed modern cities are an astonishing human achievement as centres of innovation they are humanity s cultural playgrounds their communication and transport systems have developed a global reach they are attractive to investors because they can offer a vast variety of services at comparatively low per capita costs but are they viable as ecological systems the planning of new cities as well as the retrofit of existing cities needs to undergo a profound paradigm shift mere sustainable development is not enough to be compatible with natural systems cities need to move away from linear systems of resource use and learn to operate as closed loop circular systems to ensure their long term future they need to develop an environmentally enhancing restorative relationship between themselves and the

natural systems on which they still depend creating regenerative cities is a concise solution oriented manual for creating regenerative urbanisation a wide range of technical management and policy solutions already exist but implementation has been too slow and too little in large part because the kinds of holistic approaches needed are still unfamiliar to fragmented and process driven urban policy making and governance herbert girardet s 30 years experience as an ecologist thinker film maker and consultant working around the world has created this unique combination of tried and tested best practices and policies which outlines the fundamental shifts needed in the way we think about our cities

klimanotstand soziale spaltung raubtierkapitalismus demokratie müdigkeit und dann auch noch eine globale pandemie wir leben in einem zeitalter der krisen und dennoch findet franziska heinisch die zeichen stehen nicht auf aufgeben ganz im gegenteil in ihrem buch stellt die junge autorin die entscheidenden zusammenhänge zwischen den krisen und zuständen unserer zeit her und bricht sie herunter auf das was sie wirklich sind machtkämpfe der wenigen die an der macht sind gegen die vielen die es nicht sind sie entlarvt scheinargumente und wiederkehrende einwände gegen die notwendigen veränderungen und skizziert wege aus der krise alles mit scharfem blick auf die bundestagswahl 2021 kandidierende und deren wahlprogramme franziska heinisch ist überzeugt wer veränderung einfordert muss gesellschaftliche machterschiebung organisieren dafür liefert dieses manifest der hoffnung eine anleitung

pursuing a multidisciplinary approach this book demonstrates the best quality care for pregnant women and new mothers who may have complex social needs this book will benefit all health and social care professionals working in women s health while also providing a valuable reference guide for maternity departments the latest mothers and babies reducing risk through audits and confidential enquiries across the uk mbrace uk demonstrates the consequences that having multiple complexities has and the need to ensure that susceptible groups receive personalised appropriate care and meeting the needs of all women is urgent and essential this book brings together a blend of health and social care professionals experts by experience and the charity third sector all have expertise in caring for and supporting perinatal women with issues that may affect their health and the

type of care they require through our collective writing we provide a paradigm for partnership working and hope to have strengthened voices by highlighting women's experiences and the importance of third sector partnerships working in tandem with women who are experts by experience and bringing health professionals together in combination with recommendations from specialists in the field we have offered a unique mix of compassion and evidence based guidance from substance abuse domestic violence and HIV to experiences of black Asian and ethnic minorities homelessness women seeking asylum and women in prison we have addressed a range of current issues and provided essential information and opportunities to reflect each chapter invites the reader to step into the shoes of the perinatal woman through our collective writing we provide a paradigm for partnership working and hope to have strengthened voices by highlighting diverse experiences we have looked at how using a trauma informed approach can be applied universally to care for all women and learn from charities such as Birth Companions the 4M project and the Salamander Trust how different approaches may directly impact women's care in a positive and holistic way an overarching aim of our book has been to find ways to deliver multi agency continuity of care whilst being aware of bias professional responsibilities and an understanding how we can take a holistic approach crucial for attaining excellence in 21st century maternity care provision

here's a perverse truth from New Orleans to Bangladesh women especially poor women of colour are suffering most from a crisis they have done nothing to cause yet where in environmental policy are the voices of elderly European women dying in heatwaves of African girls dropping out of school due to drought our highest profile climate activists are women and girls but at the top table it's men deciding the earth's future we're not all in it together but we could be instead of expecting individual women to save the planet what we need are visionary global climate policies that are gender inclusive and promote gender equality Anne Karpf shines a light on the radical ideas compelling research and tireless campaigns led by and for women around the world that have inspired her to hope her conversations with female activists show how we can fight back with strength in diversity and faced with the most urgent catastrophe of our times she offers a powerful vision a green new deal for

women

this book offers a unique intersectional perspective on gender equality sdg5 it presents an intersection of gender with caste class region ethnic and sexual identities and other structural drivers of inequalities in various development sectors it presents case studies and empirical findings from development practice and policymaking and highlights the challenges to implementing sdg5 in practice it discusses policies to promote gender equality and prevent violence against women and girls and women in decision making and leadership positions the chapters reinstate that gender equality is possible only if unequal gender norms are transformed to recognize women and girls as independent economic entities and not merely homemakers providing unpaid care it also analyzes to deconstruct the idea of monolithic masculinity to recognize gender diversity and men s role in providing care the book shows how much has been achieved yet how far is also left to go it is an essential reference point for researchers policymakers students and scholars across gender studies women s studies and sociology

intellectual property law and human rights fourth edition edited by paul l c torremans once regarded as a niche topic the nexus of intellectual property and human rights now lies in the eye of the storm that is today s global economy in this expanded new edition of the pre eminent work in this crucial area of legal theory and practice with nine completely new chapters well known authorities in both intellectual property law and human rights law present an in depth analysis and discussion of essential and emerging issues in the convergence of intellectual property law and human rights law the fourth edition is fully updated to address current matters as diverse as artificial intelligence climate change and biotechnological materials all centred on the relations between intellectual property and freedom of expression and the fundamental right to privacy in an intellectual property environment the contributors address such topics as the following and more the status of copyright as a fundamental right fair use transformative use and the us first amendment intellectual property in the jurisprudence of the european court of human rights freedom to receive and impart information under the eu charter of fundamental rights how to mitigate the risks article 17 of directive 2019 970 poses to freedom of expression fair dealing defences algorithmic copyright enforcement and

free speech developing a right to privacy for corporations expanding the role of morality and public policy in european patent law and ethical and religious concerns over patenting biotechnological inventions as human rights issues continue to arise in an intellectual property context practitioners academics and policymakers in both fields will continue to recognize and use this well established cornerstone work in the debate as a springboard to the future development of the ever more prominent interface of intellectual property and human rights

this menu of titles on graphic arts software and computer design software contains the same user friendly format and can be used separately or in sets two color spiral bound books offer learners easy access and reference while they work at their computers project based instruction teaches the basics of the software programs while demonstrating their place in real world projects all titles work for software across hardware platformsboth mac and windowsso that they are accessible to users no matter what hardware environment they work in included exercises help create a strong basic awareness of software functions for use in corporate training environments
